PROFILE SUMMARY

Software Engineer with 2+ years of experience in designing, developing, and deploying scalable enterprise microservices using Java, Spring Boot, and cloud-native architectures. Competent in full-stack integration web modules alongside robust core backend services. Proven track record at Amzur Infotech (including Evoke Systems) in managing event-driven systems via Apache Kafka, optimizing relational databases, implementing CI/CD pipelines, and leveraging AWS infrastructure for containerized deployments.

TECHNICAL SKILLS

Backend & Core	Java (Core & Advanced), Python, Spring Boot, Spring Data JPA, Microservices, RESTful APIs
Agentic AI & LLMs	Agentic AI, AI Agents, LangGraph, LangChain, Multi-Agent Systems, MCP, RAG, Prompt Engineering, OpenAI APIs, Hugging Face
Frontend Web	JavaScript, HTML5, CSS3
Cloud & DevOps	AWS (EC2, S3, IAM, CloudWatch), Docker, CI/CD, Git, GitHub, Maven
Databases & Streaming	PostgreSQL, MySQL, Apache Kafka (Event-Driven)

PROFESSIONAL EXPERIENCE

Amzur Infotech

March 2024 - March 2026

Software Engineer

- Developed and maintained high-performance Java, Spring Boot, microservices for enterprise deployment.
- Designed and implemented secure, scalable RESTful APIs for backend services.
- Streamlined application deployment and monitoring using AWS services (EC2, S3, IAM, CloudWatch).
- Containerized modules using Docker and collaborated on automated CI/CD workflows.
- Participated in Agile sprint planning, peer code reviews, and performance tuning.

Evoke Systems (A Subsidiary of Amzur)

June 2024 - July 2025

Junior Software Engineer

- Engineered frontend web interfaces and interactive dashboard modules for data tracking systems.
- Developed backend services using Groovy and Spring Boot for EV charging platform integrations.
- Orchestrated containerized microservices deployments across automated clusters.
- Implemented high-throughput asynchronous communication channels utilizing Apache Kafka.
- Structured and optimized complex transactional database queries within PostgreSQL.

Amzur Infotech

March 2024 - May 2024

Software Engineer Intern

- Acquired hands-on expertise building Spring Boot REST APIs and integrating with database layers.
- Resolved active bugs and enhanced product features within active Agile sprint loops.

EDUCATION

B.Tech in Computer Science & Engineering

Chaitanya Engineering College (JNTU-GV)

Graduated: 2019-2023
